

4th CACNA 2024 - "Be Present"

6-8 September

Siagas Beach Hotel (Agioli Theodoroi, Greece)

Bookings and Reservations of Accommodation.

1) When making a reservation for accommodation (and place a deposit) it is required that you are clear with your choice regarding the number of reservations and whether these are half-board or full-board. This is essential so the hotel staff can make all the necessary preparations in advance in order to meet our needs.

2) When paying the accommodation deposit (minimum amount of 40€ per person) in order to complete a reservation, you also need to email the confirmation/receipt of the payment to info@siagashotel.gr together with the specific information regarding the number of persons and the rooms that you have booked.

For example: “Please find attached the deposit payment confirmation for the NA Convention in September, for a full-board (or half-board depending on your choice) reservation for two people in a twin/double room, or three people, etc.”

The payment of the advance booking deposit should be NO LATER than the 15th of July, and all cancelations must take place before the 10th of August in order to be fully refunded. The remaining of the accommodation fees will be paid upon arrival at the hotel. Please find all banking and transfer information at the end of this message.

When we were searching for a local venue to host our convention we were focused on meeting successfully our 3 essential requirements: an easily accessible venue, with the largest available number of overnight accommodation for our members, at affordable prices.

Convention Registrations.

The early convention registrations have already began; however, regarding the accommodation bookings, we highly recommend that anyone interested to stay at the convention hotel should not postpone to book as soon as possible since we only have a total of 120 beds available.

We will be keeping you updated regarding the accommodation availability at the convention hotel, as well as with other options of alternative accommodation in the nearby area.
