

## **Wisconsin Regional Fun With Flags Unity Event Guidelines**

**Setup:** Each Area has received a flag to be decorated. Each Area that chooses to participate, will provide the Wisconsin Regional Activities Chair with a picture of the decorated flag.

Then each Area will choose a group of meetings in your Area to host the flag and plan the first meeting to receive your Area's flag.

\*Please don't get held up on this piece. Multiple meetings will have the chance to host a flag.

### **Guidelines:**

- 1) Put flag in the trust of the first meeting on your Area's list of flag-holders. (It is suggested that the flag then live with the group's materials until it is captured, so we limit the chances of losing the flags)
- 2) Inform the Wisconsin Region's Activities Chair of the meeting name and location of your area's flag through email or text.
- 3) Wisconsin Region's Activities Chair will then put together a list of all the meetings that hold a flag and what Area they represent. They will then disperse the list in whatever format okayed by Wisconsin Regional Service Conference.

### **How Does My Area Capture Flags?**

Get yourself and three other addicts (from your home Area) into a car, bus, or train, and travel to a meeting where another Area is holding their flag. Upon arrival, we encourage you to fellowship, talk with new people, exchange phone numbers, and enjoy a wonderful meeting. After the meeting, request the peaceful transfer of the flag, and then return home safely.

### **What if There is More Than One Area at a Meeting Trying to Capture a Flag?**

It may sound harsh, but we must have a tie breaker. Which ever area has the newest newcomer, captures the contested flag. If a tie exists again, flip a coin. If there is a three-or-more-way tie, then the flag goes with the Area that arrived first. If there is a fifteen-way tie, then please trade numbers and celebrate with a group photo!

Remember, it is suggested that we work an honest program, so no cheating. This flag business is merely a way to spread unity across the state and to remind us that recovery happens everywhere in the state, not just within our Area.

### **What Do We Do When We Have More Than One Flags?**

Remember that list of groups your Area made for meetings to hold flags?

Now, refer to your Area's list of flag-holder meetings and send the flag to the next meeting. Inform the WRSC Activities Chair through email or text of the location, and what Area's flag you obtained.

\*No two flags may live in the same meeting. This is intended to promote diversity of what meetings are attended.

### **What Do We Do If We have More Questions???**
