Wednesday, 29 April 1998

The meeting was called to order by Ron S, Chairperson of the World Service Conference 1997-98, at 9:15 a.m. at the Warner Center Marriott in Woodland Hills, California, USA. He opened the meeting with a moment of silence to remember the still-suffering addict, followed by the Serenity Prayer. The World Services Vision statement and the World Service Conference Mission statement were read.

Pete C (WSB and TG member) requested that the minutes reflect the following: Pete C and Jim C (RD-Alternate, Michigan Region) were absent for part of some sessions because they were assigned to a mediation team by the WSC Chairperson.

Ron S (WSC Chairperson) made several announcements about the process for elections this morning. Ballots were passed out as Mary C-V (WSC 2nd Vice Chair) conducted roll call #6 of voting participants, showing (see addendum) a total of 106 participants present.

Ron S (WSC Chairperson) explained more about the process, and answered questions about the procedure.

Roll call #9 was called to collect the ballots, showing (see addendum) a total of 104 participants present.

After a break, Ron S (WSC Chairperson) opened the session with a moment of silence followed by the Serenity Prayer. The daily passage from *"Just for Today: Daily Meditations for Recovering Addicts"* was read.

Ron S (WSC Chairperson) announced that Don Cameron, Parliamentarian, would not be available from Wednesday 2:00 p.m. to Friday 9:00 a.m. He asked for discussion about how conference participants want to proceed if twenty-four board members are not elected. After a few questions, Ron asked conference participants if they wanted to have a "what if", or "contingency plan" discussion at this time – the response was overwhelmingly negative.

Ron S (WSC Chairperson) then announced that eighteen people were elected to the World Board. He asked conference participants if they wished to move into a discussion of options before the elected people were identified. BY VOICE VOTE, conference participants decided not to enter this discussion at this time.

The following results for World Board elections were then announced:

Ron S (WSC Chairperson) recessed the conference until Thursday at 9:00 a.m., with election results of Human Resource Panel and WSC Co-Facilitators to be posted when available.

Thursday, 30 April 1998

The meeting was called to order by Ron S, Chairperson of the World Service Conference 1997-98, at 9:10 a.m. at the Warner Center Marriott in Woodland Hills, California, USA. He opened the meeting with a moment of silence to remember the still-suffering addict, followed by the Serenity Prayer. The daily passage from "*Just for Today: Daily Meditations for Recovering Addicts*" was read.

Ron S (WSC Chairperson) announced the following election results. Human Resource Panel: Jeffrey S (Minnesota Region), Sonny J (Lone Star Region), and Tata M (Philippines Region). WSC Co-Facilitators: Vinnie F (Northern New York Region).

Ron S (WSC Chairperson) opened an informal discussion session in which participants offered suggestions regarding the fact that the Human Resource Panel and WSC Co-Facilitators positions did not receive their full complement in the previous day's elections. Ron then charged the WSC Policy Committee with the responsibility of returning later with suggestions about how to resolve the dilemma.

Tim B (Transition Group Chairperson) introduced the Resolution A workgroup: David J, Jane N, Saul A, and Susan B, who then gave a panel presentation on Resolution A. As adopted at WSC '96, it reads:

"To approve *in principle* a change in participation at a new WSC to achieve the following objectives:

1. to reduce the total number of representatives
2. to provide for equal representation from all geographic entities; and,
3. to encourage a consensus-based decision-making process."

David J gave an overview of the four models which the Transition Group had presented to the conference at WSC '97. He then reviewed WSC '97 participants' input from the small groups regarding their preferred models for now and the future. He also explained why that input prevented the Transition Group from moving forward with any specific recommendations on Resolution A, and he re-emphasized the need for grass roots support for whatever solution or activities might be proposed regarding Resolution A.

Frances M (RD, Ireland Region) requested a roll call to identify people who are in attendance due to the importance of this discussion. The request was approved by conference participants.

Roll call #12 of voting participants was conducted by Mary C-V (WSC 2nd Vice Chairperson), showing (see addendum) a total of 102 participants present. 68 represents a 2/3 majority; 52 represents a simple majority; and 88 regions are present.

A discussion and comment period followed. Conference participants shared about the following subjects: providing information from workshops and forums to members; making Resolution A a priority; reducing the total number of representatives from the US; the cost of sending representatives to the conference; equality of representation; contradiction between saying we need to reduce the number of participants and continuing to seat more regions; concern about proliferation of US zones; a suggestion to make Resolution A the first project of the World Board; a request for a model in between 3 and 4; examining the possibility of different forms of representation for different parts of the world; a perception of being collectively "stuck" on this resolution; looking to non-US fellowships for ideas; a voice for zonal forums; a possible

decrease in the number of non-US participants as a result of zonal representation; working out details of new world service structure before downsizing; perceived contradictions in the TG report; holder of copyrights; the difficulty of communicating the "bigger picture" to our groups; a belief that Resolution A should have been implemented first; the necessity for 100% participation in a cost equalization plan; the difficult Fellowship Intellectual Property Trust issues in Model 4; the financial challenge of regional participation in world services; remembering to focus on getting addicts into meetings; remembering the functional goals of any proposed model for a downsized conference; the need to go slow and avoid reactionary decisions; recognizing the legitimacy of zonal forums; different stages of growth in different parts of the fellowship; the need to work together; delaying any cost equalization plans until the new world board is functional; illustrations of the need for a new system of representation; less representatives but more equality; and past attempts to secure funding for all members of conference committees and work groups.

After a lunch break, Ron S (WSC Chairperson) called the meeting to order. The Twelve Traditions and the Twelve Concepts for NA Service were read.

The Development Forum presentation session began with Donna M (WSB Vice Chairperson) giving a brief history of the WSC Development Forum. She described the first International Development Forum from WSC '91, where the idea of funding international participants to the WSC first appeared. She described the history of that funding process, as well as some of the issues that have arisen out of Development Forum discussions over the years. She also described how the conference itself has changed as a result of some past Development Forum activities, citing Issue Discussion sessions and the joint H&I/PI panel presentation at WSC '98 as examples.

Larry R (WSB) shared the WSB's belief that the need for funding newly developing and isolated NA communities to participate in the conference will continue until the conference agrees upon a process of cost equalization. The WSB believes that preference should be given to non-US communities until the issue of whether or not to include NA regions and communities inside the US and North America is discussed more fully and resolved. He then outlined the original criteria for funding, including: 1) that prospective developing communities must have an established service committee; 2) there has never been a demonstrated ability to fund a representative to the WSC and; 3) the community is considered to be isolated or newly developing. Larry then described the difficulty in applying the criteria as written, and the following recommendations for revisions to the eligibility and selection criteria: 1) there must be an established service committee that serves the country or region, and 2) there is an inability to fund a representative to the WSC. He discussed the benefits of these efforts and the need for continuing the current practice of fellowship development trips as a necessary component of world level fellowship development activity.

Floyd B (WSB) discussed the board's belief that Fellowship Development is the responsibility of the conference as a whole. He then opened a discussion regarding participants' feeling about the board's revised funding criteria.

Donna M and Floyd B asked for comments on the following questions. Is there support for the practice of funding global participation in a global decision making process? Do we believe that, until the WSC makes decisions about subsidization, funding participants who cannot otherwise get here is a necessity? They also asked that all comments and input be submitted to the World Board in writing.

A question, comment, and input session followed. The following subjects were discussed: actual use of funds budgeted for the Development Forum; earmarking donations; continuation of the DF; applying DF funding criteria to NA communities inside and outside the United States;

open access to DF information by regions; and limiting the period of time for funding a region's participation.

At this point Garth P (WSB), Mary K. (WSB) and Michael M (WSB) gave a presentation on Fellowship Development. They defined Fellowship Development as those efforts and activities that support the growth of the fellowship so that every addict in the world has the chance to experience our message in his or her own language and culture and find the opportunity for a new way of life. Mary K (WSB) shared her observation that fellowship development means development everywhere, not just in non North American NA communities.

Several individuals shared their personal experience as long time conference participants. The following topics were included: divisive national issues at the WSC and frustration with "motion sickness" by non US participants in the late eighties; the positive effect of participation at WSC on NA development in their home regions; the dramatic effect of world service fellowship development trips in bringing information and experience to their NA communities; learning what a regional conscience is; the fulfillment and honor of participation in fellowship development trips; the importance of development activities to the entire fellowship; and the positive effects of WSO support with information and subsidized literature on maintaining enthusiasm in the face of many hardships.

Michael M (WSB) then asked for comments and input on the following questions: How can the conference facilitate fellowship development? As a conference, what are we doing or should we do to help our fellowships' development? He then opened the discussion to conference participants. Conference Participants shared about the following topics: helping developing communities with their own service structure; concern for self support as it relates to the funding criteria; regions sponsoring other regions; the need for funding global decision making; US communities that are not able to fund their own participation; increasing development trips for the purpose of helping new regions learn; more careful assessment of needs; the option of partial funding; concern for communities that haven't been included in the WSC yet; the value of all regions meeting together; the leadership responsibility of WSC and development trips as one way to fulfill it; the inspirational effects of development trips; understanding the needs of a developing community; translation of service material; the possibility of funding local participation in zonal forums, and a request for a sharing session in which delegates can ask for help and guidance..

Donna M (WSB Vice Chairperson) asked participants if there were any objections to continuing with funding participants to the WSC, or to making a fixed amount as a line item in the WSC budget. No objections to either of these ideas were voiced.

Donna M (WSB Vice Chairperson) also asked if there were any objections to the proposed modifications to the funding criteria. None were voiced, although Leah H (RD Alternate CP) asked for clarification of some of the terminology.

An informal poll revealed that conference participants favor the funding criteria being applicable to all countries, rather than excluding US and Canada.

Donna M (WSB Vice Chairperson) thanked all participants and closed the WSC Development Forum portion of the 1998 World Service Conference.

After a break, Ron S (WSC Chairperson) reviewed the agenda for the day and asked for a report from the WSC Policy Committee.

Lib E (WSC Policy Chairperson) described the committee's discussion about what to do for a process to finish elections. She talked about the options discussed. She reported the

Approved at WSC '99

recommendation to have no new nominations and use the unseated current nominees for the HRP position and the Co facilitator position. The committee also recommends utilizing the single transferable vote system to insure a result.

Questions and discussion followed, resulting in the following motion: It was M/D David (RD Tennessee) "to accept the recommendation of the WSC Policy Committee on elections for the HRP and WSC Co Facilitator positions." Conference participants objected to entering a business session at this point and the MOTION DIED FOR LACK OF A SECOND.

Conference participants agreed to the chairpersons suggestion to have a separate standing vote on the HRP recommendation and the Co Facilitator recommendation from the WSC Policy Committee.

Ron S (WSC Chairperson) presented the following question to conference participants: "to accept no new nominations and hold elections for unfilled seats for the Co-facilitator position utilizing single transfer vote system." MOTION CARRIED BY 2/3 MAJORITY STANDING VOTE: YES-69; NO-15; ABSTENTIONS-3.

Ron S (WSC Chairperson) presented the following question to conference participants: "to accept no new nominations and hold elections for the unfilled seat for the HRP position utilizing single transfer vote system." MOTION FAILED FOR LACK OF 2/3 MAJORITY STANDING VOTE: YES-54; NO-31; ABSTENTIONS-3.

Confusion and a mixed understanding was expressed, resulting in the chairperson asking conference participants the following question: Do conference participants want to re-open the HRP elections? NO, FOR LACK OF 2/3 MAJORITY STANDING VOTE, YES-50; NO-33; ABSTENTIONS-5

The chairperson announced the following Motion #15 results for issue discussion topics at WSC 1999: 1) Improving fellowship communication, and 2) Resolution A.

After miscellaneous announcements, Ron S (WSC Chairperson) recessed the session for the day at 5:50 p.m.

IDENTITY STATEMENT

In Narcotics Anonymous, we are presented with a dilemma. When NA members identify themselves as "addicts and alcoholics," "cross-addicted," or talk about living "clean and sober," the clarity of the NA message is blurred. To speak in this manner suggests that there are two diseases; that one drug is separate from the rest. Narcotics Anonymous makes no distinction between drugs. Our identification as addicts is all inclusive, allowing us to concentrate on our similarities, not our differences.

The above statement is offered in the spirit of NA unity. Please remember this request is not made in order to rule, censor or dictate behavior. We make this request in order to provide an atmosphere of recovery, where we can hear the simple, unconfusing, and life-saving message of Narcotics Anonymous."
